

UTeach STEM Educators Association

As a USEA Institutional Member, you are part of an incredible community full of people who, like you, make a tangible impact on STEM education — preparing the best graduates who serve students in classrooms and who lead schools, districts, university programs, and research organizations. USEA supports you, your program, and your alumni with consistent access to this community and continuously new and updated resources of all kinds.

Institutional Member Benefits

UTeach Program, Course, and Professional Development Resources

- **Curriculum updates and resources** on the Curriculum and Implementation portal available to Institutional Members only. **NEW >** Updated Step Combo and Classroom Interactions materials are available, with Project-Based Instruction and Knowing and Learning updates coming this fall and spring.
- **Course workshops** for new and experienced faculty. **NEW >** Induction Course Workshop.
- **Professional development workshops** covering program, faculty, and alumni needs.
- **Program support resources** like a recruitment guide and samples, an induction guide, classroom resources, and more. **NEW >** An editable recruitment timeline, showing suggested recruitment activities month-by-month.

Research and Data Services

Empowering Your UTeach Program

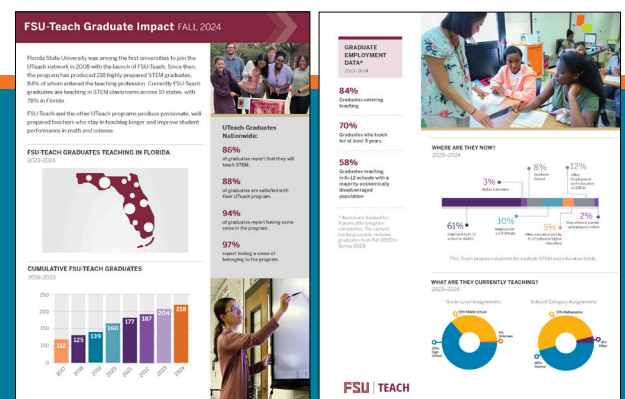

- **Data collection and reporting**, including alumni tracking and surveys of your apprentice teachers, to provide you with evidence of the success of your program.
- **Customized data requests** to support your faculty and staff for the purposes of grant applications, research projects, recruiting, program promotion, and fundraising.
- **Opportunities for collaborative research and grant applications** with stakeholders from the national UTeach network.

Institutional Membership remains at \$3,000. Our rates have stayed the same *even* as we continually enhance the benefits we offer.

Learn more and access online registration at the QR code or link.

bit.ly/USEAMembership

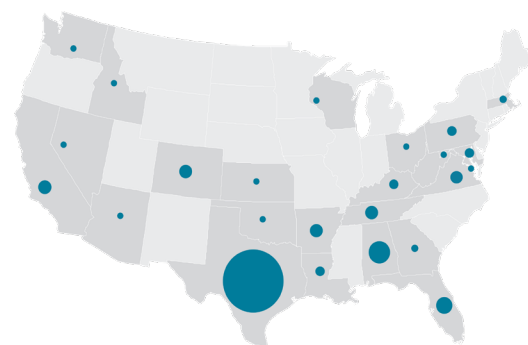

Graduate Impact Snapshots are an exclusive benefit valued at 50% of your membership fee. These professionally designed flyers are perfect for highlighting your successes and promoting the program with university leaders and funders.

Wow, this is amazing! This is great data for grant proposals and other key communications.

— Kris Houston, CalTeach, UC Berkeley

Strength in Community: National Connections for Local Growth

- Annual **UTeach STEM Educators Conference** with 300+ faculty, staff, students, and alumni. *Institutional Members receive conference discounts.*
- Special interest working groups and committees to **address imperative issues** like recruitment, professional development, induction support, and research.
- **Needs-focused events** like the upcoming recruitment webinar series.
- Opportunities to **serve on the USEA Board**.
- Eligibility for **USEA Faculty, Staff, and Alumni Awards**. Winners receive free conference registration.

Alumni Support and Retention

Through USEA Connect, your alumni and students can engage in regular events like the **K–12 STEM Educators Virtual Summit** and our **Alumni Professional Development series**. They can also access lesson banks and resources for areas of need, like classroom management.

HARNESS THE POWER OF USEA CONNECT

The USEA Connect membership platform connects you with faculty and staff across all UTeach universities and offers support for your program through community, resource sharing, mentorship opportunities, and more.

- **Discussions with UTeach program faculty and staff** across the country about courses, initiatives, and research.
- **One-on-one troubleshooting and training** for your Master Teachers and faculty, which can assist with courses, state reporting requirements, funding applications, and more.
- **A dedicated private space for you to connect with your alumni** to provide induction support and resources.
